**Definition of Disability**

For the benefit waiting period and to the end of the maximum benefit period that Long Term Disability benefits are payable, you will be considered disabled if, as a result of physical disease, injury, pregnancy or mental disorder:

- You are unable to perform with reasonable continuity the material duties of your own occupation, or
- You suffer a loss of at least 20 percent of your predisability earnings when working in your own occupation.

You are not considered disabled merely because your right to perform your own occupation is restricted, including a restriction or loss of license.

Note: If your own occupation is an attorney at law and you have practiced law for at least 5 years, we will consider your own occupation to be the one legal matter area, or type of legal practice, in which you specialize, provided you have earned at least 85 percent of your gross professional service fee income in your specialty during the 24 months immediately before you become disabled.

**Maximum Benefit Period**

If you become disabled before age 62, Long Term Disability benefits may continue during disability until age 65 or to the Social Security Normal Retirement Age (SSNRA) or 3 years 6 months, whichever is longest. If you become disabled at age 62 or older, the benefit duration is determined by the age when disability begins:

<b>Age</b>	<b>Maximum Benefit Period</b>
62	To SSNRA, or 3 years 6 months, whichever is longer
63	To SSNRA, or 3 years, whichever is longer
64	To SSNRA, or 2 years 6 months, whichever is longer
